

December 20, 2021

Dear Students,

Executive Vice-President for Education

Notice : Conducting Classes for January 2022

The Classes for January 2022 will be held as usual from Tuesday, January 4, after thorough infection control measures have been put in place.

If there are any changes to the implementation method of classes due to the future COVID-19 situation getting worse, such as a rise in the alert level in Kagoshima Prefecture before the start of classes in January (i.e., during the New Year holidays), we will update you with the latest information on our website.
