

June 22, 2022

Dear Students,

Executive Vice-President for Education

Capacity Limit on the Classrooms

In accordance with the "Policy for Conducting Classes in 2022 AY" (hereinafter referred to as "Conducting Policy"), the University has been conducting classes by spacing students approximately 1 meter apart when classrooms are occupied.

We are pleased to inform that we have revised part of the Conducting Policy so that the maximum capacity of the classroom can be flexible as long as the carbon dioxide concentration in the classroom is within the standard range required by the School Environmental Health Standard by increasing the ventilation of the classrooms and ensuring the classes do not involve conversation.

We will continue to take measures to prevent the COVID-19 infection and to ensure students' opportunities to study, and we would like to ask for your understanding and cooperation in this matter.
