

Attention: All Students Enrolled in General Education Classes

Please be aware of the following regarding General Education classes:

✘ Exams include not only term-end exams but also reports, shorter tests, and other materials used for grading evaluation. In the case of cheating and/or wrongdoing on an exam, all of the General Education classes taken in that term will be given a grade of failure (0 points).

✘ The following actions will be regarded as cheating/wrongdoing: Use of a stand-in for an exam, possession of a cheat sheet, exchanging of answer sheets, use of a mobile phone or other electronic device, and looking at another exam-taker's answer sheet. Please be careful not to engage in behavior that might cause suspicion of cheating/wrongdoing.

✘ Plagiarism in reports, including copy-and-paste action, involves borrowing another's writing without citation, pretending that the writing is one's own. Plagiarism is cheating/wrongdoing, and will likewise be punished accordingly.
